I understand that travelers are expected to consult the CDC Travelers' Health website regarding required and recommended vaccinations and to check for any Health Notices or Alerts. You may also consult UA Travel Clinic.

20. Insurance Coverage (*) ☐ YES ☐ NO

UA international travelers on UA business, including employees, students traveling as employees, students in professional training programs, and volunteers under the UA's direction, are provided insurance coverage for:

- Liability incurred abroad (including vehicle use),
- Emergency medical care, and for employees - work related injury benefits, and
- A variety of emergency assistance services, including emergency medical or emergency evacuation (for specific circumstances).

Students traveling abroad as part of a UA approved academic or research activity (other than Study Abroad) are provided coverage for emergency medical care and emergency services in the same manner as UA employees traveling on UA business. The program for emergency medical care covers unforeseen medical care needs only, and does not cover continuing care for existing conditions or routine appointments. Travelers that anticipate the need for continuing medical care while abroad must make their own arrangements for coverage. Liability coverage is also applicable for students traveling in an official UA capacity (employee or volunteer), and when international travel has been approved as a required part of the student's academic training program or curriculum. UA insurance coverage is not applicable for independent travel or research. For more information, see <http://risk.arizona.edu/international-travel>.

21. Department Head/Director/Dean Information (*)

Please provide the name, title, and email of the appropriate Department Head/Director/Dean, if additional approvals are needed

Faculty/Staff Travel (Year of Departure, 2021)

UA GLOBAL TRAVEL is pleased to announce new partnerships with [Drum Cussac](#) (Drum), a leader in global travel risk management and [Zurich Travel Assist](#).

Drum Cussac

Through Drum, all UA faculty, staff and students now have access to a portal, which provides in-depth safety and security information and travel advice for locations around the globe. Simply [Log in here](#) using your UArizona NetID and password to peruse their analyses, intelligence and travel advice.

Additionally, Drum Cussac also offers a phone app for [Android](#) and [iPhone](#) that provides the following services for any UArizona travelers who install the app;

- SMS, text and/or email notifications for health/safety/security incidents occurring in the proximity of your travel
- An SOS button travelers can push in an emergency for immediate support
- 24/7 emergency assistance and advice

Once your travel is successfully reviewed and processed by Global Travel, we will upload your trip to the Drum platform enabling alerts relative to your location. You will also receive an email from Drum Cussac providing travel advice for the destination(s) in your itinerary. You may reach out to Drum Cussac for specific travel advice based on location, Drum Cussac alerts, if you feel your safety is threatened.

Zurich Travel Assist

You will be covered by the emergency travel insurance carrier, Zurich. If you require emergency evacuation or travel assistance, please contact Zurich Travel Assist directly. You can access their contact information and your travel card on UArizona [Risk Management's website](#). Additionally, you can access more information (including what is covered and what is not covered) by going to [this website](#) and clicking on the tabs [International Insurance Coverage for Faculty and Staff](#) or [International Insurance Coverage for Student Travel](#).

If you have any questions about any of this coverage, please do not hesitate to reach out to UA Global Travel.

Information & Technology Security

Faculty/Staff Travel (Year of Departure, 2021)

INTERNATIONAL TRAVEL can pose significant risks to information stored on or accessible through computers, tablets and smartphones that we take with us.

This risk is associated with:

- Increased opportunities for the loss or theft of the device, and
- Increased exposure to untrusted Internet connections.

You are strongly encouraged to take the following steps prior to your departure:

DURING YOUR TRAVEL

- Travel light: Leave any electronic device (laptop, cell phone, or tablet) not needed at home.
- Get a loaner: Take a loaner laptop with you on your trip, if your department can provide this, and request that it be encrypted.
- Travel with "clean" devices: If your department can't loan you a laptop, remove sensitive data from any devices you choose to take. You should NOT travel with regulated or confidential data, unless it is absolutely required.
- Erase history, including, browser history, especially saved passwords.
- Use strong passwords and device timeouts:
 - Set up your devices to time out and require a password when idle.
 - Set your device to erase memory after 10 incorrect login attempts.
- Go disposable: If you require a cell phone while overseas, consider purchasing a "burner" or disposable phone in the destination country. Be sure to email [UA Global Travel](#) with your new phone number once you acquire it.
- Encrypt devices: All devices, whether University-owned, personal, or "loaners," should be encrypted. However, ensure that your destination country allows use of encryption PRIOR to your trip.

DURING YOUR TRAVEL

- Login with the lowest possible privilege level: Logging to your devices with user accounts rather than as an administrator significantly decreases risk to cyber threats.
- Do not auto-connect: Turn off wireless and Bluetooth connectivity when not actively used.
- Take precautions when using a "public" device (e.g. hotel computers).
- Keep track of passwords used during travel.
- Keep your technology with you.
- Clear your Internet browser history after each use.
- If you become aware of suspect one or more of your devices have become compromised, report to the following:
 - Your Department Head
 - Your Departmental IT Support or the UA's 24/7 IT Support Center at 520-626-TECH (8324) or via Live Chat
 - The local US US Embassy or Consulate

AFTER YOUR TRIP

- Change your passwords
- Scan your devices for Malware and other harmful material: Should you need assistance, consult with your Departmental IT Support or the UA's 24/7 IT Support Center

Travel to Higher Risk Locations

For UArizona Travelers heading to destinations assessed to carry higher risk, UArizona Travel Policy requires Global Travel to seek approval from the University of Arizona's International Travel Safety and Oversight Committee.

If the travel contained in this registration is deemed to be higher risk, following submission of the registration Global Travel will email the traveler asking them to fill out a brief supplemental travel information.

COVID TRAVEL - BEST PRACTICES

The University of Arizona is monitoring the COVID-19 pandemic and we have created a central site with updates and advice on how to protect your health. We advise you to continue to stay informed of the situation through reputable sources, such as the U.S. Centers for Disease Control & Prevention (CDC), U.S. Department of State, and the World Health Organization (WHO).

In addition, if you have not done so, please review UA Global Travel's "COVID Travel Advice" for a more detailed description of what to expect during your travel along with a list of suggested practices for different modes of transportation and lodging.

Last, please continue to follow these practices throughout your travel:

Last, please continue to follow these practices throughout your travel:

- Avoid contact with sick people.
- Wash hands often with soap and water for at least 20 seconds or use an alcohol-based hand sanitizer.
- Avoid animals (alive or dead), animal markets, and products that come from animals (such as uncooked meat).
- Ensure you bring at least two acceptable face masks along with other personal protective equipment deemed appropriate
- Ensure you bring a working thermometer and check your temperature on a daily basis

What should you do if you feel sick?

- Stay home. Except for seeking medical care, avoid contact with others.
- Seek medical care right away. Before you go to a doctor's office or emergency room, call ahead and tell them about your recent travel and your symptoms.
- Do not continue traveling while sick and postpone in-person meetings until you are symptom-free (see CDC guidance [here](#)).
- Cover your mouth and nose with a tissue or your sleeve (not your hands) when coughing or sneezing.
- Wash hands often with soap and water for at least 20 seconds or use an alcohol-based hand sanitizer.
